=====

For each extra feature (i.e. the $2*n$ features beyond features 1 –5), include the following.

When this is finished save it in a pdf file named *ProjectSummary_<your-name>.pdf*

1. Add friendGroup
2. Bowen Yu
3. INSERT INTO `Friendgroup`(`groupOwner`, `groupName`, `description`) VALUES (%s,%s,%s); INSERT INTO `BelongTo`(`member_username`, `owner_username`, `groupName`) VALUES (%s,%s,%s);
4. App.py def createf()

Hello, 3!
